

RESIDENTIAL CONSTRUCTION SERVICES

OI Construction is dedicated in it's mission to proving to it's clients that the renovation and construction process can be a positive experience. We do this by holding our selves to highest standards of quality and performance achievable. We understand the best way to achieve this, is through effective communication not only to you our client, but to the entire team including everyone from the Designers & Architects to the sub-contractors and various vendors. It's our responsibility and duty to our clients to take your vision through the construction process, while keeping you informed every step of the way until we hand you the keys to your dream turned into reality.

WHY CHOOSE A DESIGN BUILD

One Integrated Team

Design-build streamlines project delivery through a single contract between the owner and the design-build team. This simple but fundamental difference saves money and time by transforming the relationship between designers and builders into an alliance which fosters collaboration and teamwork. One entity, one contract, one unified flow of work from initial concept through completion.

We choose to work hand in hand with our customers to ensure their needs are met at all stages of their project. Throughout the project we'll have our specialized team members walking you through the various design and construction stages from selecting the flooring, cabinetry & counter tops to the final walk through, we have you covered. It's our mission to coordinate and supervise every aspect of the project from project drawings, to permits & scheduling and finally through the construction process. We understand the importance of each and every project taken because we know how much it means to you and the trust you're placing in us.

Outdoor Living Spaces

Outdoor living has gone beyond just some patio furniture and a grill. Today the sky is the limit, allowing you to bring the indoor comforts to your outdoor spaces with options such as fully functional kitchens, dining areas, Fire and water features and even your favorite audio and visual technology. Expanding your outdoor living allows you provide your family with a safe and comfortable space to interact and get that fresh air.

Kitchens & Baths

Remodeling can offer a substantial increase in home value through remodeling a kitchen or bath, or adding more space. Remodeling a kitchen or bath is exciting. It's fun to make design choices. It's creative and absorbing. It's rewarding to make a dream a reality.

Custom Cabinetry & Built-ins

There are endless possibilities and design options for your custom project. Whether you dream is a built in entertainment center, bookshelves or a completely customized kitchen tailored to your exact needs, our in house Master Carpenters and Designers are guaranteed to provide you with the highest level of quality you expect and deserve. There are no limits when it comes to making your dreams a reality.
